Bear Loose in City

A wild black bear wandered into Grayling last Thursday night, was chased by police, and apparently escaped into the woods.

A Grayling resident on Ogema and Chestnut called police at about 11 p.m. and reported a small black bear in his yard. The city police and sheriff dept. chased the bear but could not contain it for a DNR unit on the way. The bear was last spotted at the corner of Lake and Park streets.

Machete Used in Assault

An Ohio guard was arrested for cutting a guard with a machete. The guard reportedly cut the other guard in the foot and arm. The victim was treated at the Camp Grayling dispensary and held overnight for observation. The incident occurred Friday at 12:30 a.m. after an argument between the guards at Camp Grayling.

3 Roscommon Residents Injured

Three Roscommon residents were injured when their vehicle rolled over along Chase Bridge Rd. near the bridge about 11:35 p.m. Saturday. Kris Smith, Delra Linderman, and Christopher Toronga were transported to Mercy Hospital by the Roscommon ambulance crew.

B & E Foiled at Skip's

An alarm system warned the owner of Skip's Sport Shop of an attempted breaking and entering in progress and police were able to grab the burglar's car. Grayling City Police and the Sheriff Dept. tracking dog team of Linda Sprague and Lex tracked the suspect on M-72 West to the intersection by the Sunoco station where he apparently picked up a ride. Anyone who picked up a hitchhiker around 3 a.m. Wednesday, August 28, should call the police. The car of the suspect was confiscated along Evergreen Drive.

Tracking Team Nabs Car Thieves

Linda Sprague and her tracking dog Lex helped the sheriff dept. catch two suspects in a car theft August 27. Two Ohio guards, ages 24 and 25, were arrested for stealing an auto owned by a Kalkaska woman.

Girls Start Defense Of BB Title Thursday

The Detroit Tigers found out how hard it is to repeat as champs. Now the Grayling girls basketball team will try for their second title in a row — and they have to accomplish it without many of the players that led them to the title last year.

Grayling went 18-3 last fall and won their first Michigan Huron Shores Conference championship. This year they will try to repeat without a player taller than 5'8". Shawn Denton, a junior, is the tallest player on this year's team and she played guard last year.

"We're not big, but we have quick feet and quick hands," said head coach Tom Mills. "We're going to have to press a lot and play good defense. Most of our points will probably come through the transition game."

Mills said his team surprised him in their

first scrimmage against Fairview.

"We scrimmaged Fairview first every year and this team did as well as any of our teams have against them."

Mills said his team may show their inexperience early in the year but they could come on strong later in the year if they don't get discouraged.

He picks Cheboygan and Charlevoix as the teams to beat in the league.

The 1985 Vikings have three seniors, Kim Springer, a member of last year's champion team, Stephanie Hindmarsh, and Stacey Hinds. Denton and Michelle Moore, juniors, also return from last year's team. Other juniors are Jennifer Ojala, Katherine Kraus, Rebecca Jones, Michelle Trudeau, and Jenni Branch. Dena Thayer is the only sophomore on the team.

Next week — the junior varsity.

Vikings Face Rebuilding Year in Tough League

There isn't much doubt 1985 is going to start out as a rebuilding year for the Grayling Vikings football team.

Only three starters from last year's defensive and offensive squads return and the team has only nine seniors.

But the inexperience will be only half the battle for Grayling this fall. The Vikings have only 24 players on the varsity this year.

"We usually play five or six kids both ways on offense and defense," said head

coach Bill Klinger. "This year we'll probably have eight playing both ways. All we hope is that the players are in good shape and the kids behind the starters get better to step in and give the starters a break. We also have to go through the season without a serious injury."

The 1985 Vikings open at home Friday at 7:30 p.m. against Roscommon.

Klinger says his 1985 team has a good size

R & H Sports Captures State Softball Title

R & H Sports beat out 23 other teams Labor Day Weekend to capture the 1985 state Class D softball championship held at Stanton.

R & H Sports, of Grayling, won six straight games at the state finals and came from behind in the last game to win the championship.

R & H never led in the last game against Bivovac Vans, of Niles, until the last at bat of the game. Bivovac scored four in the top of the first but R & H came back with three in their half of the inning. Jim Tobin led off with a double and Darrell Metzger drove him in with a single. Rich Alexander hit a two-run shot to clear the bases.

Bivovac scored one in the third and R & H tied it up right away. Eric Engstrom led off with a single and Tobin advanced him with a single. Metzger and Alexander drove in the two base runners with sacrifice flies.

Bivovac added lone runs in the fourth and fifth to go ahead 7-5.

R & H scored one in the sixth when Metzger and Alexander singled and Mark Golinick hit an RBI sacrifice fly.

Bivovac added a run in the top of the seventh and led 8-6 as R & H batted in the bottom of the seventh — the last inning in regulation softball.

Ted May started off the inning with a single and Bruce Burkett followed with a single. Dwight Walker drove in a run with a ground ball fielder's choice that scored May. Ron Metzger then pinch hit and drove in the tying run with a single.

R & H held Bivovac scoreless in the first extra-inning, and then with two outs in the

bottom of the eighth, Dale Papendick hit a single that drove in Darrell Metzger and won the championship.

Until the finale game, R & H was only threatened in one game, the opener Friday night. They beat a Bay City team 9-7. On Saturday they clubbed an East Lake team 17-4 and beat a Grand Haven squad 9-4.

On Sunday they beat an Owosso team 18-3 and beat Bivovac 21-9 before Bivovac came back through the loser's bracket to challenge again.

Jim Tobin hit .720 (18 for 25) and led the team with 14 runs scored during the championship. Rich Alexander hit .700 (14 for 20), led the team with 16 RBIs, and hit two home runs.

Dale Papendick hit .650 (13 for 20) scored 8 runs and drove in 9. Eric Engstrom hit .563 (9 for 16) and scored 5 runs. Mark Golinick hit .550 (11 for 20) and drove in 8 runs. Ted May hit .533 (8 for 15) and drove in 5 runs. Dwight Walker hit .529 (9 for 17) and scored 7 runs. Darrell Metzger hit .524 (11 for 21) and scored 10 runs. Bruce Burkett hit .500 (9 for 18) and drove in 5 runs. Tim Brennan hit .429 (3 for 7) and scored 2 runs. Jack Neuenfeld hit .368 (7 for 19) and scored 5 runs. John Juntilla hit .294 (5 for 17) and drove in 5 runs. Ron Metzger hit .1000 in two pinch-hitting roles getting two hits with one RBI. Jerry Pratt drove in a run at his only at bat.

The state finals was the third straight tournament won by R & H Sports, who peaked at the right time of the season. R & H Sports was runner-up last year at the class CC state finals. Class CC was eliminated this year and changed to class D.

Georgia-Pacific Plans \$8 Million Plant

By Jon Thompson

A resin manufacturing plant proposed by Georgia-Pacific for Beaver Creek Township would employ 27 persons and cost about \$8 million to build.

Officials of the Atlanta, Georgia-based corporation met with Crawford County leaders throughout Thursday to discuss the facility proposal.

"Grayling has the good transportation systems, good labor force, it's located right in the middle of the forest products industry, and also it appears to have a very positive attitude," said Georgia-Pacific general manager Jim Taylor. "This could be the best location of any of our 15 resin manufacturing facilities. We're very excited about making this a showcase for our division."

Howard Bergen, vice-president of the G-P resin division, said the Grayling plant would produce three types of resins, phenol formaldehyde resins, urea formaldehyde resins, and polyamides.

The phenol formaldehyde resins are used in making oriented strand board (such as Weyerhaeuser's Structurwood®) and panel boards.

Urea formaldehyde resins are used in making plywood or particle board (such as particle board produced by Champion, of Gaylord). Urea formaldehyde resins also are used in fertilizer production.

Polyamides are used as wet strength resins in making paper towels, facial tissue, napkins, and diapers.

Jim Donaldson, from the Michigan Dept. of Commerce, said a Grayling resin plant would strengthen Weyerhaeuser's position, help other forest product companies in the area, and create employment in Crawford County.

"We are pleased to see that a company is considering putting in a facility that will create Michigan jobs because that product is now made in other states by other people and we're shipping it up here at the expense to Weyerhaeuser and other Michigan companies making wood products," said Donaldson.

Howard Meck, general manager of the Grayling Weyerhaeuser plant, said Georgia-Pacific is a first class organization. He said a resin plant located here would result in significant savings for Weyerhaeuser. Buying resins amounts to about 25 percent of production costs for Weyerhaeuser. Besides the savings in transporting resins, Meck said Weyerhaeuser may benefit from a nearby plant by being able to have specific resin products tailored to fit needs.

The tentative site for the plant is a 10-acre parcel just east of Weyerhaeuser along Four Mile Rd. and adjacent to railroad tracks.

Georgia-Pacific hopes to start construction next spring and be operating the plant by September or October. G-P executive vice-president Jim Van Meter said they hope to have the project approved by the Georgia-Pacific Board of Directors by late October. In the meanwhile, Georgia-Pacific will be seeking the necessary permits required by the federal, state, and local governments.

A second series of meetings with the community is planned later.

Many questions during last Thursday's meetings with community leaders dealt with possible pollution. Kip Howlett, G-P director for environment, health, and chemical safety, said there were several important differences in the plant proposed

Grayling Middle School Renovation Issue On Tuesday School Ballot

A proposal to renovate the Grayling Middle School and add classrooms at the Grayling Elementary will be decided by Crawford AuSable School District voters Tuesday, September 10.

The proposal asks if the school district should borrow a sum not to exceed \$4,950,000 for the following work:

- * renovating the existing middle school,
- * A new addition between the middle school and gym including classrooms, cafeteria, kitchen, band room, and office,
- * middle school gym renovation,
- * site work creating green play area and parking,
- * moving the bus garage from the middle school to high school,
- * enclosing courtyards at Grayling Elementary to create six extra classrooms and an adequate-size library,
- * new membrane roof with insulation to R28 factor at Grayling Elementary,
- * boiler replacement at Grayling Elementary,
- * playground improvement at Grayling Elementary,
- * site work at Grayling Elementary to improve traffic flow.

The first year millage on the 20-year proposal is estimated at 2.72 mills. The millage usually drops throughout the 20 years as state equalized values increase.

The school district in August cut .22 mills off their debt retirement millage paying for the Grayling High School, Grayling Elementary, and Frederic Elementary. In 1971,

the debt retirement millage was 9.75 mills. It is now down to 2.0 mills and Grayling Elementary will be paid for by 1989 and Frederic Elementary paid for by 1991.

This proposal to renovate the middle school and add classrooms at the Grayling Elementary is 1.14 mills lower than a proposal for 3.88 mills to build a brand new middle school that was voted down in December, 1984.

The renovation at the middle school would use the existing solid footings, concrete floors under the science and computer labs, and the main exterior walls. The building exterior will be repaired but keep its present style.

Renovating the 1916 building is about \$1 million cheaper than tearing the whole building down and building a new structure.

Renovation will allow more efficient use of space and create eight additional classrooms at the middle school.

Even with the addition of eight classrooms at the middle school, the school district will be five classrooms short by the school year 1988-89. Superintendent Kent Reynolds said putting the request to add elementary classrooms on the ballot with the middle school renovation will save money and take care of all problems at once to avoid returning to voters.

A complete list of projects covered by the proposal was printed in the June 29th Avalanche and is available at the Crawford AuSable central office on Michigan Avenue.

STATE CHAMPS — The R & H Sports softball team with their supporters pose with the state class D softball trophy. The team is sponsored by Janet and Larry Raymond, of R & H Sports, and coached by Ron Metzger.

From Our Corner...

We're taking this week off and with the permission of Jim Fitzgerald columnist for the Detroit Free Press we reprint his column that appeared in the Sept. 1st, 1984 issue of the Free Press...we felt it quite appropriate for this time of year...

Did we do everything?

Grieving driver doubts it

I've always wished that people — especially youngsters — riding bicycles along the edge of the road would go against auto traffic, instead of with it. Then I would know for sure that they saw me driving the big car that could easily flatten them.

A bicyclist just in front of my right fender, with his back to me, always makes me nervous. Does he know I'm there? Does he know that if he swerved just a little to the left, I might hit him? Should I honk, or would the noise startle him and cause him to swerve into danger?

Most traffic experts say I'm nuts; that it's safer for bicyclists and motorists to travel in the same direction, rather than meet eye-to-eye. I defer to their expertise, of course, but still...

Linda C. Richardson is a 31-year-old mother who lives in Clare, Mich. About three weeks ago, a bicycle swerved in front of her car. That night, she couldn't sleep, so she wrote this letter to Al Bransdorfer, publisher of The Clare Sentinel:

"Today, I did everything I could.

"Today, I hit an 11-year-old boy riding his bicycle. I don't know yet if I've killed him, paralyzed him, or just broke his body into slow-healing, painful pieces.

"Everybody says it wasn't my fault. Everybody says I did everything possible not to hit him. Everybody says I did all that could be done afterwards, waiting. Everybody says it was an accident. Everybody says I did everything I could.

"I was just in the wrong place at the wrong time.

"No, I'm not blaming him; he's just a kid on a bike.

"Just a kid on a bike, or a kid on foot. I've had them dart out in front of me before. Almost accidents, close calls, near misses, or just dangerous situations.

"I've slammed on the brakes, swerved, blown the horn, even yelled out the window. Whatever it took to avoid it.

"I've driven away, sweating, shaking a little, saying 'Thank you, God' and 'Crazy kids.' And always — relief. Maybe even a little proud I avoided hitting him. I did everything I could.

"No, not everything I could. What about the next time, or the time after, or 20 years from now...A close call does not change habits, attitudes, lifespans. It doesn't stop 'next times.'

"I haven't done anything — just avoided that one accident. I haven't stopped (hang the time), grabbed the kid — shot him, screamed at him, cried with him, hugged him, swatted him, loved, bullied, pleaded, threatened — whatever it took to make him know that dead is forever.

"I will now.

"Then, maybe I can say I did everything I could.

"So, if your child comes home shook up because a crazy woman was a little rough on him and embarrassed him in front of his friends, and maybe he even has a 'Watch It — Dead Is Forever' or 'Watch it — Somebody Loves You' button, forgive me for interfering.

"But be thankful your child could come home at all.

"And, I beg you, if you see either of my sons riding dangerously, do everything you can.

"And maybe then, we can all say 'I did everything I could.'"

The day after Linda Richardson wrote that letter, 11-year-old Travis Hackett of Clare died from injuries suffered when his bicycle swerved in front of her car.

This is the time of year when children are returning to school, on bicycle and on foot. Do everything you can.

With that we will bid T.J., Stefany and Amber goodnight...and to all of our readers drive carefully and with Labor Day out of the way, 'Think Spring...we really don't need winter...

The Bible Speaks

From Calvary Baptist Church

MEN, MORALITY, AND MOTIVATION

It has been said, little people talk about people, middle people talk about things, and big people talk about ideas. The world is not being threatened by bad people, or bad things, but by bad thinking. In a society governed by God's laws and justice, even bad people, or bad things can be influenced to function properly. There is nothing intrinsically evil about things, but there is something evil about the idea which uses things in a wrong way. Isaiah 5:20 gives us the source of the problem, "Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness: and put bitter for sweet, and sweet for bitter!"

It takes both leaders and followers to develop such evil systems. "A wonderful and horrible thing is committed in the land; The prophets prophesy falsely, and the princes bear rule by their means; and my people love to have it so." Jeremiah 5:30, 31. "Which say to seers, See not; and to the prophets, Prophecy not unto us right things, speak unto us smooth things, prophecy deceits." Isaiah 30:10.

Society is destroyed when God's word is ignored. "My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children." Hosea 4:6. "Cursed be he that doeth the work of the Lord deceitfully." Jer. 48:10.

God has warned us. "Cease my son, to hear the instruction that causeth to err from the words of knowledge." Prov 19:27. "To the law and to the testimony: if they speak not according to this word, it is because there is no light in them." Isa 8:20. "This I say, lest any man should beguile you with enticing words...Beware lest any man spoil you through

philosophy and vain deceit, after the rudiments of the world, and not after Christ." Col 2:4,8.

We live in a society void of absolute values. Secular humanism has educated us to situational ethics. The humanists have only a handful of "evils": they condemn any lack of full support for forced intergration as racism which hinders their goal of a one world race. They condemn any opposition to religious ecumenicalism which hinders their goal of a one world religion. They condemn any opposition to creeping socialism which hinders their goal of a one world economy. They condemn any opposition to disarmament and nuclear freeze, which hinders their goal of a one world government.

Those of us who believe God and the Bible are condemned for sharing God's Word with society. We are accused of being arrogant and judging when we merely act as reporters or messengers. Next, we are accused of hating people when we condemn evil ideas and practices. We certainly love everyone, but we hate those evil ideas and practices which are destroying individuals, homes, churches and nations. Finally, we are accused of trying to build a society where atheism, socialism, and humanism will be persecuted. We remind you that it was the Christian republic established by our forefathers which gave freedom to radical ideas like humanism and socialism to develop as they are today. A Christian republic has given more people more freedom than any country, at any time in history. The freedom to promote truth, also defends the freedom to promote heresy.

Putting the Push Back in "Made in USA"
American corporations are capable of competing in world markets, they just must put more emphasis on manufacturing. The United States is feeling the crunch of international competition largely because during the past two decades management placed more emphasis on marketing and investment considerations than on their ability to produce a product.

City Council Proceedings

Regular meeting of the City council held August 12, 1985. Meeting called to order by Mayor Pro-Tem Golnick at 7:30 p.m.

Members present: Latuszek, Sloan, Golnick, White. Members absent: Thompson.

Also in attendance: Jerry W. Morford, City Manager; Kay Ellen Juntilla, RaxAnn Adams, Tony Doremire, Gary Parkinson.

Motion by Sloan, supported by Latuszek that the minutes of the meeting of July 29, 1985 be approved as presented. Ayes: 4, Nays: 0, Absent: 1, motion carried.

Citizens who wish to speak. Tony Doremire was present as spokesman to discuss Crawford County Fire Department & Emergency Medical Services. This group is going to all governmental units in the county regarding general rules and regulations that need changing to improve emergency response in the county. Their specific concerns are:

- DISPATCH
- A: RADIO COMMUNICATION
1. Unable to contact dispatch on 39.18.
2. Failure to tune out on proper frequency.
3. Circumventing EMS & Fire Officials decision making.
- COUNTY ORDINANCE
1. Timely completion of necessary ordinances.
- STREET SIGNS & ROAD NAMES
1. Lack of response by Road Commission.
- ON SCENE EVALUATIONS
1. Responsibilities other than Fire Dept. or EMS
- FIRE DEPT. & EMS DEFICIENCIES
1. Need of county wide mutual aid.
2. Need to be informed of other deficiencies
- RADIO DEFICIENCIES
1. Need for entire county emergency system to be able to use radio system.

ESTABLISHMENT OF COUNTY DATA BASE SYSTEM

1. All other deficiencies to be corrected in order to implement.

The group is sponsoring a meeting on September 11, 1985 at 7:00 p.m. Would like to have a representative from the city to attend this meeting.

Communications were received and noted. The finance report for July 1985 was discussed. Several questions were asked by Council members and answered by Mr. Morford.

Gasoline & Mileage Report for July 1985. Ms. Latuszek would like to see dual records of gas purchased so there would be a better cross check when the monthly bill comes in.

Old Business. A discussion was held regarding the request to purchase a Fire Truck. The Fire Chief and Assistant Fire Chief answered questions from Council. Mr. White is to go with the Fire Chief and Assistant Fire Chief to look at the truck when it arrives before decision is made regarding purchase.

Discussion was held regarding a proposal for renovation of the City Hall Heating System.

Motion by Sloan, supported by Latuszek that the City Manager be authorized to advertise for sealed bids on heating system renovations for City Hall to be opened at the September 9th Council Meeting. Bids to be received by 5:00 p.m. Thursday, September 5th. Ayes: 4, Nays: 0, Absent: 1, motion carried.

City Assessing Contract Payments. A discussion was held concerning last years payment and this years payment.

Discussion of Bank Parking Lot Sidewalk Improvements. Council agreed that the sidewalk be replaced in front of alley while sidewalks are being done in front of parking lot.

New Business. Election of Trustees for Municipal Workers Comp. Fund. Motion by Sloan, supported by Golnick to vote for all seven persons nominated to the Board of Trustees on the Municipal Workers Comp. Board. Ayes: 4, Nays: 0, Absent: 1, motion carried.

Reports of City Manager. Mr. Morford reported on the following: Legislative Bulletins.

Motion by Sloan, supported by Golnick to send a letter to Rep. Ostling and Senator Binsfeld that Council opposes HB 4934. Ayes: 4, Nays: 0, Absent: 1, motion carried.

M.M.L. Convention. Car Sale. Council to give person who bid on car until August 26th to pick up car.

Reports of Council Members. Mr. Golnick reported on the meeting with Representative Bill Schuette regarding the Airport. Council would like the City Manager to contact Senator Riegle to set up a meeting to discuss the Airport.

Volunteers In Action

Barbara Domick (pictured above) has been a volunteer at the Grayling Health Care Center since May of 1984. Barbara donates 3 hours a week of her time as an Office Aide to keep records up to date.

Barbara enjoys sewing, reading, singing, and was a former volunteer at an Ann Arbor Hospital. She also works part-time at the "Ice-house."

For more information regarding the Grayling Health Care Center's Volunteer Program contact Nancy Holcomb or Julie Shaw at 348-2801.

Kirtland Offers Music Classes

The classroom setting is an enjoyable and challenging way to learn music and this fall, Kirtland Community College is offering instruction in both piano and guitar.

Piano classes will be offered for beginning as well as experienced players. Piano I introduces the student to the basics of note-reading, rhythm, and keyboard harmony. Piano II, III, and IV are designed to give the more experienced player instruction according to his or her ability.

Folk Guitar I is offered for beginners who wish to learn to accompany themselves or others. A variety of strumming and finger-picking techniques will be taught as well as basic chords, transposing, tuning, and care of the instrument.

All interested persons are urged to contact the Kirtland Admissions Office or call Steve Oppy at 821-6398 for more information.

Women's Club To Meet

The Christian Women's Club invites husbands and friends to our special guest night program, Monday, September 9, 1985, 6:30-8:30 p.m. at Tommy's Dry Dock.

A special menu has been prepared for this occasion and salad bar is included for only \$7.75. The theme for this dinner is "Wood N' Features".

The special feature on our program will be Dan Fox, State Trooper, "Wood U Carve". Special music "Wood U Sing" will be provided by Jennie Dimkoff. Our special speaker will be "Wood U Believe", Graydon Dimkoff from Fremont, MI., a lawyer and father of two.

If you'd like to attend this very exciting dinner and program please call Ann McGregor 422-3224 or Dolores Peckham 821-9317 for reservations. Reservation are necessary by September 6 and cancellations are essential. Late reservations are accepted. Everyone is invited alone or with a guest.

Par For The Course

The annual President's Day, which marks the end of the season for the Wednesday morning auxiliary, was held on August 29, 1985. The day started with rotation golf, which proved to be a very unusual and difficult task, all of the teams coming in with higher than usual scores. The winning teams came in with 51, needless to say they would have liked them much lower.

A social hour followed golf. Guests were former presidents of the auxiliary who are no longer in the league. They were Eunice Slusser, Eva Strong, Peg Milnes, Doris Souders and Beverly Lowrie. Acknowledgement was made of all former presidents who are still members and were in attendance: Joyce Sorenson, Elsie Jansen, Marge Walker, Edie Blaha, Phyllis Scheer, Evelyn McIntosh, Mabel Gothro, Dorothy Kaseman and Donna Pottorff.

Following the luncheon of hot and cold hors d'oeuvres, President Barb Nielson presided at the program. She introduced the new officers for the 1986 season: Thelma Bateman, secretary; Ricki Stahl, treasurer; Helen Corbett, vice-president; and Jeannette Kitchen, president.

Evie Kent and Treva McClanahan presented the tournament prizes: Flight A, Corrine Smith and runners-up Carol Thompson and Mary Jane Knibbs; Flight B, Rose Crawford and runner-up Phyllis Scheer; Flight C, Barb Nielson and Joyce Sorenson tied.

Rose Crawford and Doris Birtcher were in charge of all-season prizes: Flight A, Corrine Smith, low gross average 45, net, Marge Walker 35; putts, Marge Walker and Corrine Smith 15, ringers, Carol Thompson 36; Flight B, gross, Rose Crawford 52, net, Melita Taylor 32, putts, Lucille Smith 16, ringers, Doris Birtcher and Lucille Smith 40; Flight C, gross, Elsie Jansen 59, net, Elsie Jansen 39, putts, Jean Raab 17, ringer, Barb Nielson 43.

The floral centerpiece was won by Peg Milnes in a drawing. Outgoing president, Barb Nielson, was presented a beautiful handmade basket, made by Thelma Bateman, as a token of appreciation from the organization.

VIKINGS PLAN AIR ATTACK — Grayling head coach Bill Klinger goes over the passing attack with his quarterbacks George Duncan (left) and Todd Klinger.

Football Season

line, better than average speed, decent receivers, but has lack of depth.

"We'll try to establish our running game but our big play will probably come off our passing game," said Klinger.

The team's goals are to work hard to win the first game, work on team unity, and give 101 percent.

Last year the Vikings went 4-5 in the tough Huron Shores Conference losing three games by a total of four points. In 1983, the Vikings had a 7-2 mark equalling their best Huron Shores mark.

Klinger sees Cheboygan as the toughest team in the league followed by Gaylord and St. Ignace.

The returning starters for this year are Todd Miller, senior 5'10" 160 running back, Kevin Hudson, senior, 6'3" 195 tackle, and Mike Keene, senior, 5'9" 160 running back.

The other seniors are Larry Duvall, 5'9"

170 guard, Gerald Baxter, 6'1" 180 tackle, Don Brooks, 5'10" 160 end, George Duncan, 5'10" 160 flanker, Gary Beckwith, 6' 190 running back, and Lacey Stephan, 5'8" 145 running back.

Juniors on the team are David Nielson, 5'11" 230 guard, Jim Laurent, 5'10" 170 guard, Joe LaGrow, 5'10" 160 guard, Jeff Golinick, 5'10" 150 guard, Jason McEvers, 6'2" 210 tackle, Woody Lawson, 5'10" 165 tackle, Jim Knight, 6'3" 180 end, Scott VanDeVen, 5'11" 155 end, Wayne Casler, 5'9" 150 flanker, Todd Klinger, 6' 170 quarterback, Pepper Gorden, 5'9" 155 tackle.

The four sophomores on the team are Ward Jones, 5'9" 150 guard, Rick Sprague, 5'10" 160 tackle, Jeff Wolcott, 5'11" 170 end, and Tom Shively, 6'1" 175 running back.

Don Ferguson, Mike Branch, and Klinger form the coaching staff for the varsity team. Next week - the junior varsity team.

Bits by Fay

Mr. and Mrs. Larry McNamara entertained several friends and relatives in their home on August 4, 1985, to celebrate several special family events. It was held in honor of their son Riley's graduation from Grayling High School, their daughter Shannon's graduation from the University of Michigan with a B.A. in English and Drama and the wedding of Mary Liz McNamara and Eric Schlosser. Mary Liz and Eric were married in New York City on May 11, 1985, and the whole McNamara family were in attendance at the wedding.

Jane Commons of Lovells is in Room 259 at Mercy Hospital. All her friends wish her a speedy recovery.

Celebrates 40th Anniversary

On Saturday, August 24th, Betty and Jess Bennett of the Manistee River were honored by their children with an Open House and Buffet on the occasion of their 40th wedding anniversary.

The open house was held at the home of their friends Dee & Harry Melia of Rochester, Michigan, close to the area where Betty and Jess went to high school and lived until moving to Grayling 12 years ago.

Guests at the gathering included a former High School English teacher from Caseville, Michigan, a cousin from Hamilton, Ontario, and close friends (and former

schoolmates) from Suttons Bay. About 70 friends in all.

The affair was given by their daughter and son-in-law, Wayne and Jini Hindmarsh of Grayling, their son Michael and his wife (the former Vicki Wheeler of Grayling) from Roseville, and daughter Lori Dugan of Mason, Michigan.

Saturday Services For Harry Lunger, 87

Harry M. Lunger, 87, of Grayling Township, died at his residence on Tuesday, August 27, 1985. Funeral services were held Saturday, August 31, 1985, at the Calvary Baptist Church in Grayling. The Reverend Robert Barnett officiated at the 1:00 p.m. service. Burial was in Elmwood Cemetery.

Mr. Lunger was born in Pennsylvania on January 8, 1898, a son of William and Ida Mae (Hudson) Lunger. Mr. Lunger moved to Grayling when he was 14 years old. After living here for 15 years, he moved to Bay City, where he was employed by the Prestolite Company for 28 years. After he retired from Prestolite, he moved back to Grayling, and has lived here for the last 30 years. He was a member of the Calvary Baptist Church in Grayling.

Survivors include several nieces and nephews.

Former Resident Dies in Colorado

Catheryn S. Mason, 59, of Longmont, Colorado passed away August 29, 1985. Funeral services were held Tuesday, September 3, 1985 at 11:00 a.m. at St. Mary's Catholic Church Grayling with Father George Zabelka officiating. Interment was in Elmwood Cemetery. A Rosary service was held Monday evening at 8:00 p.m. at Sorenson Funeral Home.

Catheryn was born in Wagner, South Dakota to William & Ruth (Morrow) Silvis. She was a Registered Nurse & Care Supervisor of Longmont United Hospital, Member of Spirit of Peace Catholic Church, American Nurses Association, and American Contract Bridge Association. She received her R.N. Diploma at St. Mary's Hospital in Rochester, Minnesota in 1947 and received her B.S. at St. Francis College, Joliet, Illinois in 1983. She had lived in Longmont since 1976 moving there from Crookston, Minnesota.

She is survived by 5 sons: John K. of Winter Park, Colorado, Michael E. of Fraser, Colorado, Patrick R. of Longmont, Colorado, Timothy J. of Fraser, Colorado and Peter M. of Longmont, Colorado; 1 daughter, Catheryn A. Hirsch of Longmont, Co.; 2 brothers, Stephen Silvis, M.D. of St. Paul, Minnesota and Thomas Silvis of Buffalo, Minnesota; 4 sisters, Sister Jeannette Silvis, P.V.B.M., Sioux Falls, South Dakota, Genevieve McCarthy, Roseville, Minnesota, M. Jane Wagner, Edina, Minnesota and Ruth Ann Schenelpfenig, Davenport, Iowa, six grandchildren. She was preceded in death by her husband, her parents, 1 son and 1 daughter.

The family suggests memorials be made to the Boulder County Hospice Group in Boulder County, Colorado through Sorenson Funeral Home.

**We love work,
but we hate it**

by Richard Millman

REACHING INTO a grab bag of cogent quotations — or how to write a column by using other people's words:

John Shingleton, long-time director of placement services at Michigan State University: "Americans seem to have a love-hate attitude for work. We worship it, yet we despise it. We believe in it, yet we try to avoid it. We encourage our youngsters to mow lawns, sell lemonade and deliver newspapers, while we search for labor-saving devices. This country was pioneered, settled, farmed and built with hard, bonecrushing work. We take great pride in that heritage, yet we probably have more critics of work here than anywhere else in the world."

State Sen. Harry Gast of Berrien County, chairman of the Appropriations Committee, discussing outstater's views about Detroit: "Trying to solve the problems of Detroit with state funds is a little like trying to drown a gopher in a sand hill. You can't pour enough water down the hole to drown the gopher, and you can't pour enough state money into Detroit to solve all its problems."

U.S. CONGRESSMAN Mark Siljander of Three Rivers, on international terrorism: "It is time for the United States to stop playing court jester to international terrorism. If we prove weak when terrorists attack us on foreign soil, they may rightly assume we are weak at home as well. Then we can listen for the explosions at LaGuardia and Dulles (airports in New York and Washington). Then we may hear the screams of our own children mingled with the merciless blasts from terrorist machine guns."

The Wall Street Journal, on handling of foreign affairs: "The House struck a dovish stand by voting to keep the president from sending troops to Nicaragua, unless U.S. allies were threatened, Americans kidnapped or terrorized, or Nicaragua started to import Soviet MiGs or nuclear weapons. Confusion about what the gang of 435 wants is why the Founding Fathers gave us a commander in chief."

Sidney Harris, syndicated columnist: "If God was aware of what people did in His name, He would be tempted to ab-

dicare."

ANOTHER SYNDICATED columnist, Ashleigh Brilliant: "This world is conveniently located, about half-way between heaven and hell, with good views in both directions."

Leo Buscaglia, author and proponent of hugging each other, quoting a Chinese proverb to summarize his message of love: "If you want to be happy for an hour, take a nap. If you want to be happy for a day, go fishing. If you want to be happy for a month, get married. If you want to be happy for a year, inherit a fortune. But if you want to be happy for a life, help somebody else."

Columnist James Kilpatrick, on the future of American labor unions: "My guess, for whatever it may be worth, is that the old days of confrontational bargaining are just about over. Management no longer cowers and trembles at the threat of a strike. Enlightened union leadership understands that U.S. companies must be able to compete in foreign markets, and if this means immediate give-backs in exchange for long-range job security, so be it. The good unions will survive and the best-led ones will prosper."

A RECENT SERIES of articles on tax shelters quoted federal Judge Learned Hand on the subject of taxes: "Anyone may so arrange his affairs that his taxes shall be as low as possible; he is not bound to choose that pattern which will best pay the Treasury; there is not even a patriotic duty to increase one's taxes."

Doug Ross, state Commerce Department director, commenting on a recent study claiming Michigan is the least attractive state to manufacturers: "It's hogwash. It's of no value whatever. Its methodology would embarrass a high school senior. This is the product of abject ignorance and malevolent deception... pure and simple junk."

And Sidney Harris again: "The dumbest adage ever coined is 'What you don't know won't hurt you.' It is precisely what we don't know that can hurt us the most. And there is only one thing more harmful than ignorance: 'knowing' something that isn't so."

**Record Funding Available
To College Students**

Warren M. Hoyt, Exec. Dir., MPA

More than 62,000 students, an increase of more than 14,000, will be eligible to receive a record \$76.7 million in student financial aid in the 1985-86 fiscal year.

In addition to increased state support, all four-year public colleges have agreed to a tuition freeze and according to Governor James Blanchard, "1986 will be a landmark year for making a quality college education affordable to more Michigan students."

"Not only have our four-year public colleges and universities agreed to freeze tuition, but our states comeback allows us to offer more direct assistance to students than ever before in the history of our state," Blanchard added.

Financial assistance will be offered in five major programs.

More than 20,000 Michigan students will receive \$21 million, an increase from \$14 million, through the Michigan Competitive Scholarship Program. The average scholarship is expected to be \$1,100, up from \$905. Eligibility is based on financial need and academic talent.

Over 15,000 financially needy students attending private colleges will receive an average grant of \$2,100, up from \$1,300, through the Tuition Grant Program. Nearly 15,000 students will receive a maximum grant of \$300 through the Differential Grant Program.

A new program recommended by Blanchard is the Part-Time Independent Student Financial Assistance Program.

This will make \$2 million available to 5,000 older, part-time students as a response to the challenges faced by finding new employment for dislocated workers and workers who need to return to school to upgrade their skills.

The Michigan College Work-Study Pro-

gram, recommended by the Governor's Commission on the Future of Higher Education, will help approximately 7,700 students with \$5 million in grants to institutions which will arrange on- or off-campus part-time work for students in financial need.

The Governor said further legislation is needed, and expected, this fall to get the program underway.

Additional funding is also available through the Guaranteed Student Loan Program.

This is a cooperative effort between the state and federal governments and the private sector to make \$240 million available to more than 100,000 Michigan students.

TOXIC COMMISSION RELEASES GUIDEBOOK TO STUDY ENVIRONMENTAL RISKS

The Michigan Toxic Substance Control Commission has released a 179-page research book entitled "Citizen's Guide for Community Health Studies" for citizens concerned about personal health effects from exposure to chemicals in the environment.

"The guide will aid citizens to gather data in a useful format to obtain the support and assistance of government agencies and officials for investigation," said Larry Holcomb, executive secretary to the commission.

He said the guide will provide confirmation and documentation of possible health problems related to environmental exposure, help determine the extent of the problem, and provide a framework for presentation of the information to appropriate officials.

The development of the guide was authorized and funded by the commission in 1983.

White House Gives Michigan's Small Business a Boost

Washington, D.C. — The White House Conference on Small Business will hold an open forum in Dearborn, Michigan, on September 20, 1985 at the Hyatt Regency Dearborn.

"Small business is the backbone of Michigan's economy," according to Jack L. Courtemanche, Executive Director of the Conference. Approximately 99 percent of Michigan's businesses are small enterprises, from mom-and-pop grocery stores to travel agencies to auto parts suppliers. And we're looking forward to hearing from all of them," Courtemanche added.

According to Michigan governor James J. Blanchard, small business is very important to Michigan. "On a state level, we have aggressively pursued legislation and programs which support small business. We welcome an opportunity to discuss the initiative needed on a national level."

"I urge all small business people of Michigan to attend the White House Conference on September 20, 1985, and to convey Michigan's recommendations for executive and congressional action needed to support the small business of our state," Blanchard said.

The purpose of the White House Conference is to increase public awareness of the contributions of small business and to identify its problems, to examine the status of women and minorities as small business owners, to assist small business in its role as the Nation's major job creator, to develop recommendations for government action, and to review the status of the recommendations adopted at the 1980 conference.

Small business men and women from all parts of Michigan will attend the conference. They will discuss such issues as government regulation and paperwork, tax policy, payroll costs, small business education and training, and procurement.

Conference participants will also elect delegates to represent Michigan at the National White House Conference on Small Business to be held in Washington, D.C., August 17-21, 1986.

Clay Tobacco Pipes

Tobacco made its first appearance in Europe in France during the 1550s, and in England about two decades later. The earliest European pipe-makers copied the styles of American Indians, but they soon began to develop their own, and pipes made of ordinary white clay were common in England by 1600.

Glen's Market Simplifies Shopping for Special Diets

Has your doctor told someone in your family to watch their daily intake of sodium, cholesterol or calories? Do you find shopping for the right food products frustrating and time consuming? Are you concerned about choosing foods that are acceptable on that special diet while still keeping variety in your meals?

Glen's Market is helping to answer these questions by offering the NUTRI GUIDE® service as an aid to its customers. Dale Domsten, Vice Pres. of Marketing & Sales for Glen's Markets, says, "There is a greater consumer awareness in today's society on nutrition and healthful foods than ever before. We feel it is our obligation to provide our customers with as much nutritional information concerning the foods they consume as is possible."

The NUTRI GUIDE® service will help you plan shopping lists and menus by pointing out foods which may be allowed on special diets. Brochures, listing all Glen's Market products that are acceptable to the NUTRI GUIDE® service, are available to our customers, free of charge, at the front of each store. Quantities of the brochures are also available to local physicians and dietitians upon request.

As an added convenience, color coded tags are located on shelf molding to help you find the products you need faster. Yellow tags identify foods that are for calorie controlled diets. Red tags mark foods in the fat modified category and green tags identify foods that are low in sodium. The tags are easy to read, and their bright color make the NUTRI GUIDE® coded products easy to locate.

To maintain the quality of the NUTRI GUIDE® service and to provide their customers with the most current information available, Glen's Markets will update the program twice a year. Over 1,200 products are identified in the brochure now, and as new products are added to the service, the brochure will expand. Most products in the brochure are available in all Glen's Markets.

The NUTRI GUIDE® service is not meant to take the place of a dietitian or physician. Glen's Markets still encourages its customers to read product labels carefully so they can remain informed consumers.

For more information on the NUTRI GUIDE® service, visit any Glen's Market or call 517/732-6264 and speak to Mark Lamberies.

Resource Review

By Bruce Patrick
Conservation Officer

Since I wrote my last column, politics and emotion have again stymied biology in the field of resource management. The Michigan Humane Society has sought and received a court injunction stopping the proposed mourning dove hunting season in Michigan. An appeal is anticipated but there may not be time to reinstate the season as planned.

This issue has been emotionally charged since debate was initiated early this year. Letters to the editors in statewide publications have shown both support and disdain for the proposals. Editorials likewise have supported but most often opposed the hunt. Even the community of hunters is sharply split on the issue. Personally, I have mixed feelings.

I know the principles of ecology, game management, population dynamics and biology. I know that many of the young of any animal species will not see their first breeding season whether hunted or not. I know that regulated hunting will not harm the overall population of a game species. I know that hunting mourning doves in Michigan will have absolutely no effect on the dove population. I also know that mourning doves appear to be semi-tame, cute and lovable at a bird feeder. I also know that hunting, trapping and fishing are increasingly under attack by certain segments of society. These antihunters use all sorts of tactics to influence non-hunters, judges, politicians and the media. I also know that the "antis" arguments are based on emotion and not science. The proposed mourning dove hunting season gave these people more ammunition, as it were, to attack hunting in general. Their small victory, via a sympathetic judge, will be magnified and perhaps used as a precedent.

Biologically and rationally, the mourning dove season is easily defended. Emotionally it is much tougher. But then any emotional issue is tough. And anytime emotion and reason bump heads, neither side will convert the other.

CARD OF THANKS

I want to thank the Nurses, Aides and Doctors for their wonderful care and understanding during my stay at Mercy Hospital. I also want to thank the people of Calvary Baptist Church for their prayers, cards and flowers, Pastor Barnett for his daily visits and prayers and my family. God bless you all.

Nicholas - Hees Speak Vows

In a double ring ceremony performed by the Rev. Father William Rabior on Saturday, July 20, 1985 in St. Mary's Catholic Church, Susan Loretta Nicholas became the bride of Michael Douglas Hees.

The bride is the daughter of Mr. and Mrs. Dale A. Nicholas of Grayling. Mike is the son of Mrs. Betty Hees of Plymouth, Michigan and Mr. Ronald Hees of Gaylord.

Susan, given in marriage by her father chose a Piccione gown of whisper taffeta with a high neckline, the dropped shoulder yoke was trimmed with a Schipple embroidery ruffle, the full skirt fell into a semi-cathedral train with a ruffled hemline accented with handmade taffeta bows. She carried a cascading bouquet of Daisies, Stephanotis and English Ivy.

Matron of Honor, Mrs. Peter Panza of Utica, aunt and godmother of the bride was attired in a street length baby blue embroidered sun dress with a white straw picture hat and carried a bouquet of painted Daisies and Baby's Breath.

Bridesmaids were Ruth Anne Montgomery of Ann Arbor, Becky Schays of East Detroit and Nikki Nicholas of Grayling, all cousins of the bride, Judy Hees of Sparta, Tennessee, Debbie Hees of Grand Rapids, sisters-in-law of the groom, Bette Thomson of Grayling and Michele Boshé of Lansing. They were dressed identical to the matron of honor. The flower girls were Lori and Amy Hees of Grand Rapids, and the ring bearers, Ronnie and Jason Hees of Sparta, Tennessee were

nieces and nephews of the groom. The attendants dresses were designed and made by Lois Palmer of Grayling.

Tim O'Day of Chicago, Illinois served as best man. Groomsmen were Dan Hees of Sparta, Tennessee and Dave Hees of Grand Rapids, brothers of the groom, Chip Nicholas of Bellaire and Jon Nicholas of Grayling, brothers of the bride, Kim P. Allen of New York, Dave Champion of Grand Rapids and Mark Boshé of Lansing. Groomsmen also served as ushers.

The groom played a guitar solo and serenaded his bride with "Time in a Bottle." The brides cousin, Ruth Anne Montgomery sang "Sunrise, Sunset" accompanied by her husband Ted Montgomery on the guitar.

A reception immediately following the ceremony was held at the home of the brides parents on Lake Margrethe.

For her daughters wedding Mrs. Nicholas chose a soft lavender dress with a white organza collar and cuffs and white accessories. Her corsage was of Daisies.

The grooms mother chose a blue chiffon dress with matching accessories and wore a corsage of Daisies. Susan is a graduate of Grayling High School and attended Kirtland Community College and Central Michigan University. Mike is a graduate of Salem High School in Plymouth, Michigan and the University of Michigan.

The couple is presently making their home in Grayling. (Photo by Carol Wert)

Amy Smith Attends CMU Summer Institute

By Nancy Lemmen

To spend a few minutes with Grayling High School junior Amy Smith is to be captured by her enthusiasm and talent, two traits which led to her participation in the Michigan State Board of Education Summer Institute for the Arts and Sciences (SIAS).

Amy was one of four students chosen from the COOR Intermediate School District to attend a summer institute. Her choice, "The Twelfth Century Renaissance and its Impact on Contemporary Society," was held at Central Michigan University from July 28 to August 10. Four others were held at other universities throughout the state.

"It was the best experience of my life," enthused Amy,

Grayling, Mi. 49738

whose life up to this point has not been devoid of heady experiences: She spent her freshman year as a vocal music major at Interlochen Academy for the Arts; then transferred to Grayling, where she won leading roles in Kirtland Community College's production of "The Fantasticks" and GHS's musical, "Camelot." Last spring, Amy took fifth place at the state forensics tournament in the Serious Interpretation (9-10) category.

Amy's praise for the institute is nearly absolute: "I learned so much and made the most wonderful friends. I loved meeting people - they were so talented and had so much to give." Her only complaint was one typical of any student dining in a college dormitory: "The food was awful."

Weekdays at the institute began with breakfast, followed by the plenary session. In these assemblies, students listened to experts talk about topics such as gothic arts, music, culture, and architecture.

The intensive session followed. Amy participated in a 17-member madrigal choir which sang motets, Gregorian chants, and madrigals in six foreign languages, either a cappella or accompanied by instruments of the Middle Ages. "It made an incredible sound for such a small choir," said Amy.

After lunch, students went to small exploratory sessions, where they discussed ideas, concerns, and problems. Occasionally, their exploratories broadened the participants' knowledge of Medieval times, with sessions in areas such as Arthurian legends, Medieval weaponry, and foods of the Middle Ages. One day they visited the home of an artist who specializes in scrap metal sculpture. Another afternoon, they were taught to play the recorder.

An open recreation time, when students swam, played tennis, or practiced, preceded dinner. From 7:00 to 9:00, students engaged in discussions or watched movies set in the Medieval period.

Special activities were planned, such as a trip to Midland, where they visited local sites and saw "The Pirates of Penzance" performed at the Midland Center for the Arts. The final dinner meal was deemed a Medieval banquet, at which students wore appropriate dress, ate food of the times, and used bread in place of

silverware.

While Amy concentrated on vocal music, other students at the CMU institute chose drama, cinematic arts, computer application, or science. The students in the performing arts areas held a special performance on the final Friday, which was attended by many parents, including Amy's, Norman and Shirley Schmooch of Grayling. In addition to singing with the Madrigal choir, Amy performed several solos and duets.

Amy stated that she improved her ability to blend with other voices in a choral group, and to sing new types of music. Her instructor, Nina Nash-Robertson, CMU's Director of Vocal Music, has agreed to give Amy vocal music instruction on a monthly basis throughout the year.

At an informal talent show which she helped to plan,

Amy sang "By My Side" with fellow student Paul Chamness of Holland. Their performance was repeated at the closing ceremony, where "we made everyone cry," according to Amy.

Amy admits that she, too, shed a few tears when it came time to leave. "I never cried so much in my life. The teachers were helpful and understanding, the R.A.s were great; I've written 25 letters to friends since getting home, and I've received letters everyday."

She sees the institute as a beginning, not an end: "I want to reapply next year. The people there were very special."

Doodles From The Tall Timber

By Wendell L. Hoover
Park Interpreter

There is a hint of fall in the air and other signs point to the coming of winter. For your information, the Indian Pipe was a little earlier than normal and in the past that has indicated earlier snowfalls. You've probably noticed that some birds are starting to form flocks. The Blackbirds and Robins are the first to gather prior to the fall migration. Some of the Maples north of the park entrance have started to change colors, as they have in the past. By the time the traditional fall color time arrives they will have shed their leaves.

Throughout the summer there are many flowers coming into bloom, but at this time of year those numbers dwindle. For example, this is the time for the purple New England Aster and the yellow Woodland Sunflower. If they aren't showing up yet the clusters of purple berries from Bristly Sarsaparilla will soon be evident.

The various Gentians will be gracing streambanks and the open woods before long also. This will include the Fringed Gentian, Bottle Gentian and the Prairie Gentian. The purple-pink flowers of the Rough Blazing Star, Cylindric Blazing Star and the Blazing Star will be showing up in the dry open areas. There are several kinds of Goldenrods that are and will be in bloom. One thing they have in common are yellow flowers, but they vary in their habitats which varies from dry fields to damp ditches. Enjoy these last flowers before the Frost Flowers grace your window pane.

Immunize For Protection

The Crawford County Health Department has joined with Governor James J. Blanchard, the State Health Department and all other Health Departments in Michigan to mark August as Immunization Action Month.

Theme for this year is Protect, Immunize, Shots are for Everyone!

As indicated by the theme, an added emphasis this year is to encourage all persons over 60 years of age and those with chronic illnesses to seek protection against influenza. The theme also covers college-bound students who are urged to make certain they are immune from measles and rubella; and once again, to be sure all school children have proof of up-to-date immunizations.

Marie Mahaney, R.N. will be pleased to supply further information. Please call the Health Department at 348-2841 ext. 258.

Pre-Retirement Seminars Set For Grayling

Kirtland Community College will offer its third complimentary pre-retirement seminar for the general public of all ages in the Grayling area. All eight weekly sessions will be held on Monday evenings, beginning Monday, September 9th, from 7 to 9 p.m. in the Doctor's Dining Room of Grayling Mercy Hospital.

The program will be conducted by Continuing Education and Community Services of Central Michigan University. Subjects covered during the pre-retirement planning sessions will include:

Opportunities in Retirement; Financial Planning; Where to Live; Health and Well Being; Legal Affairs; Adjustments and Activities; Income Planning; Planned Spending; If You Are Alone.

This group discussion seminar will be limited to 30 participants. Spouses are invited to attend and will be included in the total of 30.

There will be no registration fee or other charge for this program. All materials will be furnished by the sponsors.

Co-sponsors of the program are Grayling State Bank, Chemical Bank North, Great Lakes Federal Savings, and Mercy Hospital.

Dr. Rivera to Leave Grayling

David Rivera, M.D., will discontinue his practice in Grayling effective September 13, 1985. Dr. Rivera, an obstetrician/gynecologist, has been in practice with Brian Fox, M.D., at Milltown Clinic on North Down River Road, since August 1983.

Dr. Rivera will be joining the staff of Health Central, a Health Maintenance Organization in Lansing. He will continue to practice obstetrics and gynecology and will be working at E.W. Sparrow Hospital.

Dr. Rivera said the current professional liability crisis was the most important factor in his decision. "There has been a tremendous increase in the cost of liability insurance in the past 2 years," he said, "and physicians in smaller towns feel a greater impact." Insurance premiums in Michigan rose 50% this spring; the cost for obstetricians averages \$30,000 a year.

"Grayling has been a friendly community," said Dr. Rivera. "We've become friends with many people and it will be hard to say good-bye."

Since the arrival of Doctors Rivera and Fox, births at Mercy Hospital have increased 30 percent. "Some of this was due to our presence," said Dr. Rivera, "but much of the success is the result of the work of the OB department. Mercy Hospital has some excellent OB nurses and it has been a privilege to work with them. I will miss them all very much."

Dr. Fox will continue to practice and will see Dr. Rivera's patients. The office will also assist those patients transferring to other physicians.

Retirees To Meet

Regular meeting of North Central Area Chapter #19, State Employee Retirees Association, will be held September 10, at the Houghton Lake Community Building, beginning at 2 p.m. There will be election of officers and vote on the proposed by-laws amendment.

Mr. Howard D. Madsen
Crawford Co. Avalanche
Grayling, MI 49738

Dear Whitey,

The time is right and the issue is right. On Tuesday, Sept. 10, the voters of the Crawford AuSable School District will have the opportunity to put the festering middle school problem behind us. All around the community, there are exciting signs of progress and vitality. But in the midst of this progress, there remains the lingering malaise of the Grayling Middle School.

Working very diligently, the Board of Education has come up with a compromise solution. This proposal combines the best elements of previous plans, and answers the concerns and objections that were raised in the past. An important part of the compromise is that this issue is 1.14 mills lower than the December 1984 proposal. This plan will insure quality education for our young people for many years to come.

The middle school issue is something we can "shake hands" on. It will be a message that, in this community, we are proud of our past — and we believe in our future.

Sincerely,
George L. Stancil

Mr. Howard Madsen,
Publisher
Crawford Co. Avalanche
P.O. Box 490
Grayling, MI 49738

Dear Mr. Madsen:

That exhorting "fisherman", the Reverend Barnett is trying to get at us again, following a large dose of Lincolnism. I feel we should address him as Reverend in veneration of some of his fellow pastors who we know as Reverend Martin Luther King, Jr., Reverend Jesse Jackson and Reverend Jerry Falwell.

In his column "The Bible Speaks" of August 22, 1985 he relates the "moral character of our age" to the fishing limit on the AuSable River. This current diatribe brings to mind a previous article in which he told us that the spread of the disease Aids was caused by this country's traveling salesmen.

Now, the good Reverend wants his readers to believe that catching and releasing fish is inhumane and that we who do not kill the fish do it solely for pleasure. This pleasure, hence, is likened to heathenness for "it is difficult to catch a fish with a hook and not do bodily harm". Then Reverend Barnett directly likens we who fish for pleasure (not for food) to those who "hide the sins of sexual pleasure at the mercy of the baby"...through abortion. The writer was not previously aware that sexual pleasures were sinful, or that fishing was related in any way to abortion.

It puzzles me how Reverend Barnett can describe the controversy over two methods of fishing, both directed to conserving a dwindling population of trout, in a single isolated body of water, as being characterized by the moral values of our age.

If the rancorous Reverend wants to address conservation and abortion, he might want to look at the plight of the starving African nations rather than the moral decay wrought by the AuSable fishing question. In these African nations the conservation efforts to maintain wooded areas and to control limited water resources have failed. This failure coupled with no planned parenthood or controlled abortion has created an insufferable picture of decay.

I will continue to fish for pleasure, releasing the fish I catch, without harm, and I will continue to enjoy sexual pleasures, with birth control not abortion, without jeopardizing my spiritual strengths and beliefs.

Dear Mr. Madsen,
At last we, the Crawford County Arts Council, have a definite statement to make about the future of the dance program. As of August 31 the Arts Council will no longer be sponsoring the dance program. Louise Tournaud Hayes has bought the studio back and will now be the owner and teacher. It will remain in the same place (Mini-Mall) and will be called Creative Dance Academy (instructor- Louise Tournaud Hayes).

We have been happy that we could provide the opportunity for the dance program to continue during the last two years. We feel fortunate to have such a qualified dance instructor as Louise Tournaud Hayes in our community and we wish her the best of success as the owner of her own business again. She has brought a splendid opportunity for many people (young and older) to experience the world of dance for the past eight years.

Sincerely,
Lorna Morse

NOTICE

POLICY FOR FREE AND REDUCED PRICED MEALS 1985-86

CRAWFORD AUSABLE SCHOOL DISTRICT

Crawford AuSable School District today announced its policy for free and reduced price meals for children unable to pay the full price of meals served under the National School Lunch, School Breakfast or Commodity School Programs. The following household size and income criteria will be used for determining eligibility:

TOTAL FAMILY SIZE	A. SCALE FOR FREE MEALS			B. SCALE FOR REDUCED PRICE MEALS		
	YEAR	MONTH	WEEK	YEAR	MONTH	WEEK
1	6,825	569	132	9,713	810	187
2	9,165	764	177	13,043	1,087	251
3	11,505	959	222	16,373	1,365	315
4	13,845	1,154	267	19,703	1,642	379
5	16,185	1,349	312	23,033	1,920	443
6	18,525	1,544	357	26,363	2,197	507
7	20,865	1,739	402	29,693	2,475	572
8	23,205	1,934	447	33,023	2,752	636
Each additional family member:	+2,340	+195	+45	+3,330	+278	+65

Children from households whose income is at or below the levels shown are eligible for free or reduced-price meals.

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced-price meals, households should fill out the form and return it to the school. Additional copies of the application form are available at the principal's office in each school. Households should answer all questions on the form. An application which does not contain all of the following information cannot be processed by the school: (1) the total household income AND the amount and source of income received by each household member (such as wages, child support, etc.); OR the household's food stamp case number if the household is on food stamps; (2) names of all household members; (3) social security numbers of all household members 21 years of age or older, or the word "none" for any adult household member who does not have a social security number; and (4) the signature of an adult household member.

The information provided by the household is confidential and will be used only for the purpose of determining eligibility and verifying data. Applications may be verified by the school or other officials at any time during the school year.

If children are approved for free or reduced price meal benefits, the household must report to the school increases in household income over \$50 per month (\$600 per year) and decreases in household size.

Households may apply for benefits at any time during the school year. If a household is not currently eligible but has a decrease in household income, an increase in household size or if a household member becomes unemployed, the household should fill out an application at that time.

In certain cases foster children are eligible for these benefits regardless of the household's income. If a household has foster children living with them and they wish to apply for free or reduced-price meals for them, the household should contact the school for more information.

Under the provisions of the policy, building principals will review applications and determine eligibility.

Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. The household also has the right to a fair hearing. This can be done by calling or writing the following official: **Paul Lerg, 403 Michigan, Grayling, 348-7641**. Each school and the **Board of Education**

Name, Address and Telephone Number of Hearing Official
Central Office

Have a copy of the complete policy, which may be reviewed by any interested party.

In the operation of the child feeding programs no child will be discriminated against on the basis of race, color, national origin, age, sex, or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

Prophecy Films at Calvary Baptist

Calvary Baptist Church located 1½ miles west of Grayling on M-72, invites the public to a Prophecy Film Series daily from Sunday, September 8th through Thursday, September 12th. For those who believe the Bible concerning the rapture of the church, the great tribulation, the antichrist, and other future events, the films will be as real as tomorrow's news report.

"A Thief In The Night" will be shown Sunday afternoon at 4:30 p.m. "A Distant Thunder" will be shown Monday at 7:00 p.m. "Image Of The Beast" will be shown Tuesday at 7:00 p.m. "Prodigal Planet" will be shown in two parts, Part I Wednesday at 7:00 p.m. and Part II Thursday at 7:00 p.m.

There will be no admission charge. An offering will be taken for those who desire to assist with the expenses. If you are concerned about the future of life here on earth for you, your children, and your grandchildren, you will not want to miss this important prophecy series. The entire community is both welcome and invited to attend.

Herbal Corner

Storage is not so much the problem people may think it is. If you have a well house or well pit, you have the ideal space for apples and potatoes. Root crops - carrots and parsnips - are sometimes left in the ground then dug when needed. Of course, you have to put straw then burlap over your crop to keep them from freezing. Some squashes gain Vitamin C during storage.

A root cellar or one made in your basement is worth the investment when you can have the pride of storing your own crops (or purchased) for the winter, not to mention the money you save. I used to can my own red potatoes (the only kind worth canning) and pull them off the shelf to use when everyone else was paying a high price just before the next year's harvest.

I remember when we rented a house in Gaylord I always felt uncomfortable with the wooden well-room door in the basement. The old Z-crossed door looked incongruous with the nice carpeting, brick fireplace, and comfortable furniture. All of this was in a quiet semi-lighted atmosphere you knew and felt was underground.

One day I saw something about a half inch long coming out from under the door. I felt that if I could turn the light out and ignore that thing while I walked briskly the few feet towards the lighted stairs it would go away. One day I risked my husband's sometimes ill-timed humor and asked him to look behind the door into the dirt-floored room.

Flashlight in his hand he behind him pushing ever so gently with anticipation and excited fear, my husband opened the creaking door. Shining the flashlight across the room to the corner, the beam fell on a bushel basket of potatoes. A few of them had sprouted and small potatoes had grown on that vine that was reaching under the door for the light in the living area of the basement.

That night I ate with relish the fruits of the frightful vine with each bite saying, "Take that...and that...and that..."

Herbally yours,
E. Diona Cerelli, C.H.

Booster Shots for Back-to-School

This time of year a lot of us are busy with back-to-school activities.

We've been reminded that "back-to-school" includes getting not only books, clothing, pencils and all the needed equipment, but also booster shots.

The Health Department tells us, however, that this year, according to a statewide campaign for August, Shots are for Everyone.

Everyone means just that, according to Dr. Gordon Rady, M.D., Medical Director of the Crawford County Health Dept. "We all need booster shots for tetanus every 10 years as long as we live."

So, our small children entering school must show proof that their immunizations are up-to-date, the college-bound students should check their records, especially for measles and rubella, and mom and dad, grandma and grandpa better check for tetanus.

Dr. Rady further urges that all people over 60 years and those who manage their lives with a chronic illness, should have a flu shot. No need to suffer from influenza, which manages to change its "face" every few years. That's why these people should have a flu shot each year-the strain of virus changes. We want our grandparents protected and all of

their friends, too.

Our health department, along with all others in Michigan are being urged by Governor James J. Blanchard to mark August as Immunization Action Month.

The slogan this year is, "Protect Immunize, Shots are for Everyone."

We think it's a good idea. Go get 'em!

The local Rotary Club, which is at least 60% School Teachers and Administrators took on the JOB of "SAVING & REMODELING", (A little at a time) the OLD RAILROAD DEPOT.

We commend and support them for their efforts so far — But, why do some of these same people want to completely GUT our Middle School and spend over \$9,000,000.00 (9 MILLION DOLLARS) on NEW construction? We Don't need to spend this kind of money to do the job! We don't need a NEW bus garage that costs nearly as much as the local K-MART store building — In fact maybe we should sell all the BUSES and let the Transportation Authority run it — (They already deliver and pickup a lot of the School children and the Transportation Authority wants a New BLDG., and more passengers. So give it all to them — We'd be saving THOUSANDS of Dollars each year — No one would Lose their Job — The School Bus drivers etc., etc. could just transfer to DIAL-A-RIDE. The STATE could subsidize the WHOLE operation.

Think about it — We DON'T NEED TO SPEND

State Social Studies Awards

Two Grayling High School graduates, Barb Fitzgerald and Damon Thayer, are recipients of the 1985 outstanding Social Studies Students awards.

These awards are given by the Michigan Council for the Social Studies and then presented by a local member of the organization.

Howard Lehti, social studies chairperson at Grayling High School, made the 1985 presentations. The award is presented to a student(s) who have demonstrated high levels of academic excellence, citizenship, and leadership in their school career.

There were 14 such awards in the entire state this year.

Tom T. Hall to Appear at Kirtland Oct. 5th

the Storyteller
Tom T. Hall

Tickets for the Tom T. Hall Concert on Saturday, October 5th at 8 p.m. in the Kirtland College Auditorium are on sale at all of the usual Performing Artist Series ticket outlets, by mail order, or by calling Kirtland at 517/275-5121.

Tom T. Hall has been a name associated with quality entertainment in the country music industry for over 20 years. Early on in his song writing career, Burl Ives and Bobby Bare recorded his work and later, a host of other famous people would record his music including George Jones, Loretta Lynn, Johnny Cash, Perry Como, Patti Page, even George Burns and many others. Tom T. was author of Jennie C. Riley's six million seller hit record, "Harper Valley P.T.A." which topped both the country and pop charts in 1968. Tom T., the Storyteller, is a recording artist in his own right with hits such as, "Sneaky Snake," "Country Is," "I Love," "Old Dogs, Children and Watermelon Wine," "The Year Clayton Delaney Died," and several others.

He's called the Storyteller because of the ballads he writes which depict the human condition. "I write so I can depict the inside work-

ings of people," says Hall. There is an honest simplicity to his work which blends realism with sentimentality. He writes and sings about subjects and people he has experienced and his work contains an element universal truth.

A member of the Grand Ole Opry, Hall has 38 music business awards for his songs, one Grammy, has recorded over thirty albums, and ran for the Governorship of Tennessee in 1982. He tours with a six piece band called the Storytellers, which includes his son, Dean T. Hall.

Kirtland's Theatre Coordinator expects a sellout and advises people to purchase their tickets early. Advanced sales tickets are \$10.50 and may be obtained by writing Kirtland College, Performing Artist Series, Route 4, Box 59A, Roscommon, MI 48653. Checks should be made payable to Kirtland Artist Series.

The **RECOMMENDATIONS** were made by the State Fire Marshall, the State Electrical Inspector, and the Boiler was Inspected and Approved. No one condemned the **MIDDLE SCHOOL**. Why should we? We **WANT** the Board to do what is Necessary, in particular **MORE UPKEEP AND MAINTENANCE**, As the electrical and fire inspections showed. But why not get some State and Federal grant monies for new windows, Insulation, etc., etc. to Save on Heat, Electricity Etc. The Board and Administration still aren't listening to the **TAXPAYERS AND VOTERS**.

This present proposal of \$9,000,000.00 (**9 MILLION DOLLARS, PLUS**) isn't our idea of Reasonable cost efficiency, with average John Doe taxpayer, in Mind.

Most of us aren't like some of the local attorneys (who are paying for the Vote "yes" advertisement), they can afford the higher taxes for the next 20 years, (If they stick around and don't move on to greener pastures). Probably they'll just up their \$60.00 or \$70.00 an hour fee to pay their taxes but what do the rest of us do?

The **TAXPAYERS AND VOTERS** have told you 4 or 5 **TIMES** already- We want the schools maintained and cleaned satisfactorily and repaired and remodeled on a "do a little at a time" on a "first need priority basis".

Saving 4½ Million Dollars Plus in interest alone would be in the best interest of the children of our district.

The Truth Behind The Reduction Of Michigan's Unemployment Taxes

By State Rep. Ralph Ostling
Recent press releases give the impression that Governor Blanchard has "cut" unemployment taxes for Michigan employers. But there's much more to the story. Let me share a few facts about the unemployment tax issued.

In 1982 the Michigan Legislature passed significant changes in the financing of Michigan's unemployment compensation system. The changes were needed to meet a staggering unemployment debt by the state to the federal government that was still growing. That legislation provided for major increases in unemployment taxes over a period of years.

One provision was a special "solvency tax" on employers who owed money to the system. The solvency tax was intended to pay off the interest-bearing portion of Michigan's debt to the federal trust fund. That tax is scheduled to expire in 1985 once the interest-bearing portion of the tax is paid.

This is a savings of \$54 per employee for each negative-balance employer, a total of \$57 million per year.

These actions were taken by the 1982 Legislature and the Milliken administration, not the current governor.

Additional action may also be taken in Washington. Federal law provides for a 0.8 percent penalty tax on the federal unemployment tax paid by all Michigan employers on the first \$7,000 of 1985 wages. This penalty tax is based on Michigan's unemployment debt to the federal government.

Under federal law, Michigan is eligible for tax relief in 1985 if the state pays an amount equal to the penalty tax to the federal government from the state's unemployment insurance trust fund. Michigan has applied for permission to do so and thus reduce employer unemployment taxes. The Reagan administration is likely to authorize the payment prior to the November 9, 1985 deadline.

This decision will reduce federal unemployment taxes for Michigan employers by \$56 per worker for 1985 only. Since 1985 taxes are paid in 1986, Michigan employers will pay \$150 million less in unemployment taxes in 1986.

While such a move would help, two things must be kept in mind: reducing a tax for one year provides temporary tax relief but it also extends the time necessary to pay the \$1.3 billion that Michigan will owe after the interest-bearing portion is paid this year; and the \$150 million temporary one-year unemployment tax cut is at the discretion of the federal department of labor, not state government.

Registration Notice FOR RECALL ELECTION

October 8, 1985

TO THE QUALIFIED ELECTORS OF (PRECINCT NO. 401)
LOVELLS TOWNSHIP, COUNTY OF CRAWFORD
STATE OF MICHIGAN

The Election is being held to vote on the following Recalls:

RECALL OF LYLE D. JEWELL, SUPERVISOR

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

1. At an Annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.
2. Failed to submit the project for, or otherwise secure competitive bids.
3. Approved the contract for such construction in an amount in excess of that contained in the budget approved at the stated Annual Meeting.
4. No public notice was given of the proposed addition to the Township Fire Building of public outside restrooms.
5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

Dear Sir/Madam Voter:

Thank You for your time to stop and read this message. At this time I would like to again Thank You for your support in the last Primary and General Election. You put your faith in me to operate our Township to the best of my ability and I did! I feel that we on the Township Board did nothing illegal and we are very proud of our accomplishments. I really appreciate your faith in me and I would very much like to Thank You in advance for your continued support.

Sincerely,
Lyle D. Jewell, Supervisor

RECALL OF HELEN M. SPENCER, CLERK

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

1. At an Annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.
2. Failed to submit the project for, or otherwise secure competitive bids.
3. Approved the contract for such construction in an amount in excess of that contained in the budget approved at the stated Annual Meeting.
4. No public notice was given of the proposed addition to the Township Fire Building of public outside restrooms.
5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

I took an oath to faithfully discharge the duties of the office of Township Clerk according to the best of my ability and I have done that for the past nine years. I have been an honest, conscientious clerk and the betterment of the township has always been my top priority. The charges against me are simply not true. I have done nothing either legally or morally wrong. In the nine years I have been in office, we have had very good audit reports and have never overspent the budget. A handful of people who know very little about how Township Government works are tearing our community apart instead of working to better it. The charges against us are completely different from those on the ultimatum to resign that was presented to us. I feel that these people would have drummed up some kind of charges whether or not we had built the offices. Perhaps tennis courts would have been a better way to spend the money. Federal Revenue Sharing money must be spent in five years or it is lost. Most of the money for this project came from this fund. Your support is greatly appreciated.

Thank you,
Helen M. Spencer

RECALL OF DOLORES M. HABERLAND, TREASURER

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

1. At an Annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.
2. Failed to submit the project for, or otherwise secure competitive bids.
3. Approved the contract for such construction in an amount in excess of that contained in the budget approved at the stated Annual Meeting.
4. No public notice was given of the proposed addition to the Township Fire Building of public outside restrooms.
5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

In my letter to the registered Voters in Nov. 1984, I stated "I planned to work in the best interest of all areas of Lovells Township". When I took my Oath of Office, that was my goal and it hasn't changed.

At the Annual Meeting, March 1984, the majority of the people present voted to have the Township Board work in the Township Hall. At the Annual Meeting in March 1985, the majority of the people present voted to build the new offices. The facts are Public Record as recorded in the minutes of those meetings. Some of the people who started this recall, voted with the majority at those 2 meetings. The others were either not at the meeting or do not normally take part in local affairs. The reason for this recall goes far deeper than the charges stated.

The offices in the Township Hall are now open 5 days a week. Many people have made use of them. I sincerely hope they will remain open in the future for your convenience.

Dolores M. Haberland, Treasurer

RECALL OF BETTY LOU BURDEN, TRUSTEE

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

1. At an Annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.
2. Failed to submit the project for, or otherwise secure competitive bids.
3. Approved the contract for such construction in an amount in excess of that contained in the budget approved at the stated Annual Meeting.
4. No public notice was given of the proposed addition to the Township Fire Building of public outside restrooms.
5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

When I took my Oath of Office in Nov., I said I would do my best for the Township to the best of my ability. I also have stated that decisions I would make would not make all of the people happy. I am proud of the additions we have made to the Town Hall. I feel the foremost purpose of the Township Hall is to conduct the business and government of the Township and there should be proper facilities to do so. The other things are all pluses. The library, park & etc. What we have done will be here for a long time and so will the impact of this recall along with the additional expense to the Township for which there will be nothing to show for it. Recall is a serious thing and should only be done for something of a serious nature. I feel that there was a great over reaction on the part of some disenchanted people. You elected people to office by a majority to make decisions for the Township. If they can be recalled so easily, why not have your meeting and let the mob rule.

Betty Lou Burden, Trustee

RECALL OF ESTHER J. MULLIN, TRUSTEE

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

1. At an Annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.
2. Failed to submit the project for, or otherwise secure competitive bids.
3. Approved the contract for such construction in an amount in excess of that contained in the budget approved at the stated Annual Meeting.
4. No public notice was given of the proposed addition to the Township Fire Building of public outside restrooms.
5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

You voted me into this office to represent you the people of Lovells Township. When voting on the issues to improve our Township Hall, my consideration was for the interest and welfare of the entire township.

The buildings were built to serve you, to help make your government more efficient, your community a better place to live. This was a positive move.

I took the oath of office serious and try to uphold it. I know I can not please all of you all the time. If I have caused anger and pain to anyone, I'm sorry. It was not done intentionally. I do not believe I have done anything immoral or illegal, certainly nothing to warrant this recall.

I believe the charges stated for the recall to be untrue, brought about by a few irate people who have fired up this community with false statements and ugly rumors.

I have done my best in performing the duties of trustee and want to continue to serve our community. Lovells is a good place to live. Let us keep it that way. May God be with us all.

Joyce Mullin, Trustee

Youth Service Bureau

The last week of Summer Recreation Program didn't get off to as great a start as we had hoped. We had planned to have a fun filled week of swimming for both of our groups, however, from Monday through Wednesday we had rain and cold weather.

Monday was a little wet and cold, but we went hiking on the grounds of the Iago Club, anyway.

Tuesday we had to cancel because of rain and cold weather. We rescheduled the A Group for Wednesday and we all went out to Hartwick Pines for a picnic and hike.

On Thursday, we had our end of the summer Mackinaw Island trip. The weather was great the whole day. Oscoda's group joined us for the trip, which made it even more fun. Everyone enjoyed the Island and had lots of fun.

We hope our youth had lots of fun this summer, we know we did!

Once again, we would like to thank all of the generous people who helped us out this summer.

Slimnastic Top Priority

With summer over, now is the time to get back into the swing of things and Dance Slimnastics encourages everyone to make personal fitness a top priority this fall.

This nationally recognized aerobic fitness club is offering area residents the opportunity to shape up in a 7-week series of aerobic dance and toning classes scheduled to begin here the week of September 9.

The new fall session, titled Dance Attack, offers students an exercise program that is fun, safe and affordable. To encourage greater participation, a \$3 coupon ad can be found in this newspaper making good health even a greater bargain. Clip it and bring it to the first session of class.

Dance Slimnastics students, including both men and women, will have the opportunity to work out aerobically during the one-hour classes which meet twice a week. Each class begins with a series of calisthenic floorwork routines set to upbeat music and designed to give concentrated toning to the waist, hips and thighs. This floorwork is followed by a series of exercise routines which elevate the heart rate to improve overall fitness. In classes, students see the results of this invigorating exercise program while having fun. They lose inches, tone muscles and improve the cardiovascular, or heart-and-lungs, system.

Dance Slimnastics is a non-profit fitness corporation headquartered in Wisconsin with classes and instructor training sessions offered in 25 states. For more information call 348-7197.

VOTE NO SEPTEMBER 10th

The Schools need some changes, upgrading and remodeling, everyone knows it. But we feel one or two rooms at a time is the answer.

We certainly Don't need to completely GUT & REBUILD the Middle School.

The Board gave raises to some of the Administration, - some as much as 11%, so they must have some money to start upgrading and fixing OUR Schools — They've also been talking of carpeting the High School irregardless of the outcome of this Election — Why not put some carpeting in the Middle School instead — it certainly would improve the noise they've been complaining about for years.

And some of the grant monies (WE ARE ELIGIBLE FOR) for Energy Saving — such as new doors, windows, insulation, etc. to save our Tax Dollars wouldn't hurt either. OUR Tax Dollars pay for these grant monies and we are one of the FEW districts that haven't even applied for these grants.

Let's get with it and do it the way the Voters have told you (AT LEAST 4 OR 5 TIMES) that WE want it. Aren't you going to Listen to us the VOTERS & TAXPAYERS??

Chamber Chatter

Georgia Pacific appears to be headed our way to produce chemical resins. The Chamber Board of Directors met with Georgia Pacific officials to discuss the venture and most came away feeling satisfied that G.P. will build an environmentally safe operation. Here's the differences between what G.P. is proposing and what the Borden Chemical Co. proposed in Gaylord:

1. Georgia Pacific will not be making formaldehyde as Borden would have been. Some formaldehyde will be used but it will be shipped into our area.

2. Georgia Pacific has a proven safety technique which will prevent the venting of chemicals into our air. Borden did not propose this method.

3. Georgia Pacific will release no chemical waste water into our soil. They purify and recycle all their water.

4. Georgia Pacific is not going to build next to a residential area which Borden tried to do.

These four facts alone make Georgia Pacific a much more attractive proposal for our area than what Borden had proposed in Gaylord. I am optimistic about a long and fruitful relationship with Georgia Pacific. There are, however, many more meetings to attend and facts to consider before the final verdict is in. G.P. knows that we must be very careful in handing out our approval.

New members this week are Aleta Thompson, Director of R.S.V.P. and C.O.O.R. Commercial Refrigeration, owned by Rayl and Inga Kellar. Rayl may be reached by phoning 348-7044. Their intentions are to construct a building for their business in the spring with a grand opening being planned at that time. Also, a grand opening was held for the Dinner Bell Restaurant on Old 27 North. The new owners are Ceriel and Emogene VanDeCastele. The Chamber is happy to welcome these newcomers into the community and into the Chamber as well.

Take Five

Ever notice the number of breaks a band takes while playing during an evening? Sitting out awhile refreshes them and brings them back eager to play more and better too.

By the same token, few of us can work around the clock at our best without pausing for rest and refreshment. As weeks turn into months, irritations and problems have a way of multiplying. We need a place where we can turn to renew our strength.

Just as there are band-stands, where musicians join together to perform music, the churches throughout our land serve as a central location where all may join together in the sharing of their faith. The Christian hope is the theme song, and our everyday lives are the unique instruments.

For a refreshing spiritual uplift, why not attend services this week?

Russell Patterson, 32, of Frederic, plead guilty to a charge of driving with a suspended license due to unpaid tickets. He was fined \$105 or 10 days. He was cited June 27 by the sheriff dept.

Robert Rinsinger, 32, of Grayling, demanded preliminary examination to a charge of receiving and concealing stolen property valued at more than \$100. Bond was set at \$1000 cash or surety.

Thomas Johnson, 28, of Grayling, plead guilty to a charge of disorderly person and was fined \$105 or 10 days. He was cited July 31

after a citizen complaint.

James Rosen, 39, of Grayling, plead guilty to two charges of violating the public accounting act and was fined \$205 or 30 days for each charge. On motion by the prosecuting attorney, original charges of larceny in a building and two counts of violation of the public accounting act were dismissed upon the above plea.

Raymond Denno, 18, of Grayling, plead guilty to a charge of disorderly person by intoxication, likely to endanger self and others. He was fined \$105 or 10 days. He was cited March 18, 1984, by city police.

Martin Gray, 26, of Youngstown, Ohio, plead no contest to a charge of disorderly person by intoxication likely to endanger self. He was fined \$105 or 10 days. He was cited Aug. 27 by the sheriff dept.

David Oglesby, Jr., 42, of Akron, Ohio, plead no contest to a charge of disorderly person by intoxication — likely to endanger others. He was fined \$105 or 10 days. He was cited Aug. 15 by city police.

Par For The Course

Those planning to attend the closing party Saturday, Sept. 28, may purchase their tickets at the club. The cost is \$12.50 a person and all interested persons are asked to buy their tickets before Sept. 15.

The music is by the "Music Makers" of Gaylord, and a hot and cold hors d'oeuvres dinner will be prepared by Bear's Country Inn; and will be available until the food is gone.

RSVP Reports

By Aleta Thompson

Our flannel is here for you folks that enjoy making the pajamas and nightgowns for the community project. The flannel and the colorful yarn is donated by the Grayling Business and Professional Women's organization. Soon we will have the yarn here at the office, for all you knitters and those that crochet.

We had our picnic Wednesday, down by the old mill stream, and everyone enjoyed the white elephant exchange. The weather was just great for those few hours. With so much rain we have got to be moldy, don't you think?

We need more drivers willing to give just a couple of hours a week delivering meals to the homebound. We still are looking for people to volunteer just a few hours a week with a child. And anyone willing to work at the school as a volunteer please contact our office.

RSVP is a challenging and rewarding program here at Grayling. Our volunteers serve an average of four hours a month. The only criteria for participation in the program is that a person be 60 years or older.

If you are interested, come in to see us at 308 Lawndale or call us at 348-8322 or 348-4341.

Toxic Waste Piles Up

No one knows the true sum of the nation's hazardous waste, but the 264 million metric tons regulated by the U.S. Environmental Protection Agency in 1981 would fill the New Orleans Superdome almost 1,500 times over. Since 1950, Americans have disposed of possibly 6 billion tons in or on the land.

State Police Out Looking For Speeders

The Michigan Department of State Police is planning a concentrated enforcement effort to curtail excessive speed by truckers on Michigan highways, according to Col. Gerald L. Hough, dept. director.

"One of the most common complaints received by the Department's Motor Carrier Division - and being received at an alarming rate - is the excessive speed at which trucks are traveling on the highways. Carrier owners themselves are supportive of increased speed enforcement," Hough explained.

A number of road officers have been equipped with and trained in radar and in Vascar operation, a speed detection device which is immune from "fuzzbuster" detectors. Through a grant from the Office of Highway Safety Planning and other funds, all Motor Carrier vehicles will be equipped with these instruments.

The Motor Carrier Division will work with the Department's Operations Division and aircraft unit in air speed timing of trucks. Various locations within the state will be selected according to the accident rate for that area. Truck drivers will be cited for excessive speed.

"Increased enforcement of speeding violations reflects the continuous effort of the Department to insure safety for motorists on Michigan's highways," Hough said.

Georgia-Pacific

(Continued From Page 1)

by Georgia-Pacific and a plant proposed for Gaylord by Borden.

The most important difference is that Georgia-Pacific proposes to produce only resin adhesives at their plant. The Gaylord Borden plant planned to also produce formaldehyde, a raw material used in making resin adhesives. Because the Georgia-Pacific plant does not plan on producing formaldehyde at the site, the emission of formaldehyde into the air above the Beaver Creek Township site is expected to be ten times lower than what was expected at Gaylord with the Borden plant.

Another important difference, Howlett said, is Georgia-Pacific has taken extensive steps to plan a self-contained system and use the most advanced air pollution technology.

Howlett said formaldehyde emissions will be kept close to levels that are found naturally in rural areas. He said if someone camped at the boundary of the proposed plant, they would have to stay there two months to receive the same amount of formaldehyde that is in one cup of coffee.

Howlett also said the potential will not be there for an accidental emission into the air fatal to human life such as what occurred at

the India chemical plant. The raw materials and finished products are liquids or solids. The loading and unloading area of the plant will be similar to a giant concrete bathtub that will contain any spill.

The plant will not use much water, Georgia-Pacific officials said, and it will not use a lot of energy. One well is expected to handle the plant's water needs and no water is expected to be discharged into the ground. It will be cleaned and re-used in a self-contained system. Bergen said safety at the plant is given the highest priority.

Steve Correll, senior environmental engineer for Georgia-Pacific, said although the corporation is not required to have an environmental assessment made, they are hiring a Michigan consultant to perform the assessment. Howlett said the corporation believes in the Workers' Right to Know and Community Right to Know programs about any hazardous materials used at the plant.

Georgia-Pacific already operates a wholesale distribution center in Grayling supplying a full line of building products. Together with the new resin plant, Georgia-Pacific estimates it will contribute more than \$2.5 million in wages, taxes paid, and supplies purchased to the Grayling area.

CMU Offers Classes In Grayling

Central Michigan University will offer a series of courses in the northern Lower Peninsula through its Office of Continuing Education and Community Services.

All courses are offered on a credit basis and are designed to fit the needs and time constraints of working adults.

Students should be enrolled at least one week prior to the beginning of the courses they select. For registration information, contact Continuing Education and Community Services, 125 Rowe Hall, CMU, Mt. Pleasant, MI 48859, (517) 774-4461.

Courses offered in Grayling will meet at the Holiday Inn and include:

- Educational Administration 650/750; Economics 597; "Investment Workshop," 1 semester hour. The course will meet Friday, Oct. 11, from 5-10 p.m. and Saturday, Oct. 12, from 8:30 a.m. to 12:30 p.m.

- Special Education 600: "Current Issues in Special Education," 3 semester hours. Course meets Saturdays from noon to 9 p.m. and Sundays from 9 a.m. to noon starting Oct. 12 and 13.

Change Ends
Alternate the ends of sheets and blankets on beds to distribute wear.

Bits by Fay

Helen Lamm of Zephyrhills, Florida, spent some time in Grayling visiting her family, the George Grangers, Howard Granger, and Tom Lamm. She was here at the time of the Corwin Picnic on August 10.

Mr. and Mrs. Steve Precouz and children Jeff, Amy, Mike and Sarah of Alpena were guests of Bob and Mickey Strong, down river, on Sunday, Sept. 1st.

Mr. and Mrs. Jim Fleming of Warren, spent Labor Day weekend visiting her sister-in-law, Marjorie Walker.

Mrs. Veronica Neundorff of Midland left Saturday, August 30 after spending a week visiting her brother, Dick Lovely.

George and Anna Granger and Dorothy Malling of Higgins Lake and Punta Gorda, Florida visited Ken and Ruth Hoesli in Gladwin. They had a most enjoyable day seeing the sights from Ken's antique 1915 Model T Ford.

On Friday, August 23, George and Anna Granger moved Paul Gust to Marquette where he is a sophomore at Northern Michigan University.

Pearl Tucker and Betty Smith have returned from a 16-day trip to Alaska with Princess tours. They flew from Traverse City to Seattle, bussed to Vancouver and boarded the Island Princess for Skagway. They took a bus to the Yukon, the full length of the Alaska Highway, visiting Fairbanks, Denali Park, rafting on the Nenana River and riding a helicopter to the glacier where they got off and walked on it. They took a train from Fairbanks to Anchorage and then flew to Katzebe above the Arctic Circle, flew to Nome and back to Anchorage. In Valdez they saw a Husky sled-dog demonstration, took a boat to Port William Sound at the Columbia River, through the ice floes to the glacier, seeing icebergs on the way. They returned by plane from Anchorage to Seattle and Traverse City.

State Trooper Assigned Here

Eight Michigan State Police officers have received new assignments, Col. Gerald L. Hough, department director, reported.

Transfers effective August 25 included: Spl/Tpr. Kevin Teddy from Northville to the Grayling Lab; Sgt. Mark DeHaan from the Traffic Services Division to the State Services Bureau, Private Security and Investigator Section in Lansing as a detective sergeant; and Tpr. Ronald L. Randall from Bay City to New Baltimore.

Sgt. Ivan W. Lahde is being transferred from Stephenson to Wakefield effective September 8 along with Tpr. Gregory Stevens from Rockford to Detroit and Tpr. Michael Waite from St. Clair to Wakefield.

On September 22, two troopers will begin new assignments — Daniel J. Komptowicz is being transferred to Ypsilanti from Detroit and Benjamin Wieten moves from Stephenson to Detroit.

Announce Marriage

Julie Bond was married August 31, 1985 to Jeffrey Olmstead. The marriage was performed at the Central United Methodist Church in Lansing, Mi., by the Reverend James Gysel.

The bride is the daughter of James and Phyllis Bond of Lansing. Her grandparents are Alice Bond and the late Frank Bond, and Byron and Retta Randolph of Grayling.

The bridegroom is the son of Charles and Nila Olmstead of Belmont, Mich. Julie is a registered nurse at Butterworth Hospital in Grand Rapids and Jeff is a draftsman and tool designer at Steelcase in Grand Rapids. The couple will live in Kentwood, Mich.
